A Study of Contribution of Bhandara District Employment Gurantee Scheme (MREGS) In Economic Development

Summary

From The **Chapter first** (It is clear that) We noticed that on the basis of censuses - 2001 , In Bhandara District there are living 9,60,483 Population in rural area and 1,75,352 Population are living in Urban area. The Percentage of the peoples who are living in rural area 85 % and the Urban area 15%.

From the **Chapter Second** We noticed that, for Reasearch, there is used Bahupadi Namuna Method is used In Bhandara District there are Bhandara, Mohadi, Tumsar, Pavani, Lakhani, Sakoli, Lakhandur seven Tahasil. Out of these, Bhandara, Mohadi, Pavani and Sakoli, these four Tahasil are Selected for Simple Namuna Method. Primary Source data Collection is Questionar, Observation In Secondary Source data collection district office, Maharashtra Gramin Rojagar Hami Yojna section Bhandara, District Statistics office, Social forest section Bhandara, Talathi, Daily newspapers, Magzins from all these Parts, the information are collected. From the observation of Bhandara district Maharashtra Gramin Employment Gurantee Scheme Selected year of work average of the year (2001- 2010) of Bhandara was 55.2 , Mohadi was 55, Pavani was 56.1, and Sakoli was 63.6 We noticed that above the Selected Tahasil working Average is large Bhandara district had Selected Tahasil that, the total work of each family number is 3,24,230 and each Person of family member is 6,65,149 of the Session 2001- 2010.

In Bhandara District, The whole population of rural area is 9,60,463 (85%) and whole labour were 2,29,76.5 (31.20 %) of the year 2001- 2010.

So, In Bhandara District Maharashtra Gramin Employment Gurantee Scheme had selected that (for the session 2001- 2010) there were total average in 2001 were 59.96 % , in 2002 were 52.30 % , and in 2010 were 59.60%.

In Bhandara district Maharashtra Gramin Employment Gurantee Scheme the field selected tahasil of the session 2001-2010, only the gents labour were presents in Bhandara District were 3,324.7 , Mohadi were 7,165.4, in Pavani field 4,088.1 and in Sakoli were 7,010 . The women labour of these tahasil were 1,549.5 in Bhandara, 2,368 in Mohadi, 1,645.8 and 2,825.8 in sakoli respectively, so, from these observation Mahatma Gandhi Employment Gurantee Scheme says that, the gents labour were more presents in Mohadi than other tahasil in Bhandara District and the percentage were 75.16% , of the year (2001-2010) and the total average of women labour were 31.78 %.

Maharashtra Gramin Employment Gurantee Scheme had selected that, the total average of the labour who has got 100 days employment were 61.64 % in the year 2007-08, and 60.11% in the year 2009-10 . and the whole average is 9,03,329.

After reading of **chapter third** we can say that In Bhandara District Maharashtra Gramin Employment Gurantee Scheme in level planning the total work of Grampanchayat is 4,142 in tahasil level is 7,348 and District level 471 In State level 2,031 So in Maharashtra Gramin Employment Gurantee Scheme in level planning the total work number is 3,524. So, we can say that Grampanchayat , Tahasil, Z.P., State level and Maharashtra Gramin Employment Gurantee Scheme , these all are different from each other. Their level of work is very different.

From, The **Chapter fourth** we can say that In Bhandara District Maharashtra Gramin Employment Gurantee Scheme field total income Source of the year 2004-2005 was 1227 Lakhs , 1212 in 2005-2006, 689.87 in 2006-07, 496.24 in 2007-08, 409.25 in 2008-2009 and 375.55 in 2009-2010.

So, we can guess that the total grant is yearly fast reduce. The total rupees which are wasted in each field of Bhandara District of the year 2006-2007 was 295.05 and 743.76 Lakh in 2009-2010.

From these we conclude that the Expenditure is going fast in each Year.
